

*From the minute we began working with Rob and Julien through Business Connect with The Epiphany Group they not only offered exceptional guidance during our initial mentoring sessions but also delivered immediate results. Our objective was to enhance lead generation and boost conversion rates through our Facebook Ads, and they both played a pivotal role in helping us reach that target.*

*Moreover, as a mentor, they displayed keen attention to detail, unwavering dedication, and provided constant encouragement. Thanks to their generous sharing of skills and knowledge, we now have a high level of confidence in independently managing our advertising campaigns.*
